

## 2017 Etiologies in Order of Frequency by Category

### Hereditary Syndromes and Disorders

---

|  |     |
|--|-----|
| CHARGE Syndrome                                  | 933 |
| Down syndrome (Trisomy 21 syndrome)              | 315 |
| Usher I syndrome                                 | 233 |
| Stickler syndrome                                | 137 |
| Dandy Walker syndrome                            | 115 |
| Goldenhar syndrome                               | 102 |
| Cornelia de Lange                                | 99  |
| Usher II syndrome                                | 85  |
| Wolf-Hirschhorn syndrome (Trisomy 4p)            | 72  |
| Trisomy 13 (Trisomy 13-15, Patau syndrome)       | 61  |
| Moebius syndrome                                 | 50  |
| Pierre-Robin syndrome                            | 48  |
| Trisomy 18 (Edwards syndrome)                    | 47  |
| Norrie disease                                   | 37  |
| Leber congenital amaurosis                       | 36  |
| Aicardi syndrome                                 | 34  |
| Chromosome 18, Ring 18                           | 31  |
| Waardenburg syndrome                             | 31  |
| Pfieffer syndrome                                | 27  |
| Marshall syndrome                                | 26  |
| Alstrom syndrome                                 | 25  |
| Treacher Collins syndrome                        | 24  |
| Cri du chat syndrome (Chromosome 5p- synd)       | 23  |
| Hurler syndrome (MPS I-H)                        | 19  |
| Refsum syndrome                                  | 18  |
| Bardet-Biedl syndrome (Laurence Moon-Biedl)      | 15  |
| Crouzon syndrome (Craniofacial Dysotosis)        | 15  |
| Cockayne syndrome                                | 13  |
| NF1 - Neurofibromatosis (von Recklinghausen dis) | 13  |
| Usher III syndrome                               | 12  |
| Kniest Dysplasia                                 | 11  |
| Turner syndrome                                  | 9   |
| Sturge-Weber syndrome                            | 8   |
| Apert syndrome/Acrocephalosyndactyly, Type 1     | 7   |
| Kearns-Sayre syndrome                            | 7   |
| NF2 - Bilateral Acoustic Neurofibromatosis       | 7   |
| Batten disease                                   | 6   |
| Monosomy 10p                                     | 6   |
| Leigh Disease                                    | 5   |
| Prader-Willi                                     | 4   |

## **Hereditary Syndromes and Disorders**

---

|   |      |
|---|------|
| Alport syndrome                           | 3    |
| Hunter Syndrome (MPS II)                  | 3    |
| Klippel-Feil sequence                     | 3    |
| Marfan syndrome                           | 2    |
| Morquio syndrome (MPS IV-B)               | 2    |
| Optico-Cochleo-Dentate Degeneration       | 2    |
| Smith-Lemli-Opitz (SLO) syndrome          | 2    |
| Wildervanck syndrome                      | 2    |
| Hand-Schuller-Christian (Histiocytosis X) | 1    |
| Hallgren syndrome                         | 1    |
| Herpes-Zoster (or Hunt)                   | 1    |
| Maroteaux-Lamy syndrome (MPS VI)          | 1    |
| OTHER: Hereditary Syndromes/ Disorders    | 1693 |

## **Pre Natal Congenital Complications**

|  |     |
|--|-----|
| Cytomegalovirus (CMV)                      | 293 |
| Microcephaly                               | 214 |
| Hydrocephaly                               | 206 |
| Maternal Drug Use                          | 85  |
| Congenital Rubella                         | 41  |
| Fetal Alcohol syndrome                     | 18  |
| Congenital Toxoplasmosis                   | 12  |
| Neonatal Herpes Simplex (HSV)              | 7   |
| Congenital Syphilis                        | 1   |
| OTHER: Pre-Natal/ Congenital Complications | 514 |

## **Post Natal Non-Congenital Complications**

|                                     |     |
|-------------------------------------|-----|
| Asphyxia                            | 194 |
| Severe Head Injury                  | 160 |
| Meningitis                          | 136 |
| Tumors                              | 94  |
| Stroke                              | 56  |
| Encephalitis                        | 45  |
| Infections                          | 33  |
| Direct Trauma to the eye and/or ear | 14  |
| Chemically Induced                  | 14  |
| OTHER: Post-Natal/ Non-Congenital   | 415 |

|                                     |      |
